

Spreadsheet Risk Lunch N' Learn

SPREADSHEET RISK IS THE RISK OF FINANCIAL, LEGAL, OPERATIONAL AND/OR REPUTATIONAL COST RESULTING FROM ERRORS IN SPREADSHEETS

For those that use spreadsheets and those that depend on them, this engaging session introduces the concept of spreadsheet risk, illustrates

the risk through true stories of spreadsheet errors, explains how to identify spreadsheet risk and provides simple, practical steps on how to reduce and manage the risk.

“A fascinating and very useful presentation — I will use what I learned as soon as I’m back at my desk.”

Developed and presented by Tom Scott, Canada’s leading spreadsheet consultant. Tom has over 20 years of experience developing spreadsheets for reporting and decision making. He has degrees in Commerce and Arts (Economics) from McMaster University and a Certificate in Adult Education from the University of St. Francis-Xavier. Tom is the Principal Consultant of **Jerts Consulting and Services**, a Toronto-based spreadsheet consultancy.
