

What Everyone Should Know About Spreadsheet Risk

Seminar length: 45 minutes, excluding Q&A

Jerts Consulting and Services seminars are designed and facilitated by University educated instructors with diplomas or certifications in [Adult and Continuing Education](#).

Seminars are participatory. Participants are encouraged to share their experiences and knowledge.

Registration

Contact Jerts Consulting at info@jerts.com or call (416) 479-0125 to arrange this seminar at your location.

General Description

This seminar provides an introduction to spreadsheet risk and what directors, managers and spreadsheet users can do to mitigate and manage the risks.

This seminar is of value to individuals who create or use spreadsheets in their jobs, those that manage spreadsheet users, IT managers and directors and individuals responsible for the management of risk in an organization such as compliance officers and risk management officers.

The seminar can be modified to focus on a specific segment (analysts, managers or directors) or department (Operations, Accounting/Finance, HR, Legal, IT, Compliance, etc.) of the targeted audience.
